Audiology (1862)

Billet Structure/Manning:

- 19 funded billets (17 currently filled); 9 of 21 billets are overseas.
- 17 officers (1 2XXX); 9 of 17 are LCDR and above
- 17 officers available for 21 billets = 80%

Current Issues:

- 4 billets gapped for 2010 (Rota, Iwakuni, Pensacola, San Diego)
- Two recruitments for FY10—1 HSCP & 1 DA
- SL working with 00MSC for billet buybacks. Bases increases on Army/AF/civ model of 1 provider per 18-24K population to provide more than a diagnostic role
- CNO briefed 10 AUG 2010—VCNO ltr dtd 05 JAN 2010 (Profile/MOE/readiness, etc.)
- Operationalize billets (LANTFLT & PACFLT)—have engaged FFC and currently drafting CONOPS for these proposed billets
- Joint DOD/VA HCOE
- Community considered for FY10 HPLRP

Future Vision:

- Work with MC SYSCOM for future audiology billet
- Transition one year HSCP to a four yr HPSP (similar to Optometry program)
- Retention: keeping billets filled while maintaining promotability
- Balance DUINS opportunities with manning; what opportunities past doctorate?
