

October 2, 2017

To Whom It May Concern:

The Joint Defense Veterans Audiology Conference (JDVAC) ATL – Audiology Taking the Lead – is applying for 20 continuing education hours from the American Speech, Language, and Hearing Association (ASHA) and the American Academy of Audiology (AAA). Twenty continuing education hours equals 2.0 Continuing Education Units (CEUs). The application process is ongoing and we fully expect the full number of CEUs to be granted by ASHA and AAA.

Individual attendees will be eligible for up to 20 hours, if approved.

ASHA and/or AAA CEUs are awarded by the respective CE Registry upon receipt of the CEU Participation Form from the approved CE provider. Participant forms will be filed after the conference and CEUs will be awarded by each professional organization independently pending final approval by ASHA and/or AAA actions on these forms.

Thank you,

Mary Kelly Bone, Au.D
