Have you offered Academy CEUs in the past? Yes No

By applying to be an Academy CE Provider, I make the following representations, warranties and covenants and understand that the Academy reserves the right to withdraw approved CE Provider status at any time for failure to abide by these requirements: (Check each bullet)

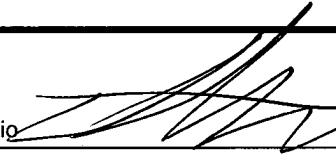

- To have read and abide by to the "Procedures and Guidelines for CE Program Approval" (<http://www.audiology.org/development/continuingeducation/ceprovider/Pages/default.aspx>)
- To have read the "Ethical Practice Guidelines for Relationship with Industry for Audiologists Providing Clinical Care" and submit CE activities that adhere to those guidelines. (http://www.audiology.org/resources/documentlibrary/Documents/201107_Relationships_Industry_Guideline.pdf)
I understand the penalty for not adhering to those guidelines is the following:
 - a. In the event the Academy is notified and can verify that a program failed to follow the Ethical Practice Guidelines on Financial Incentives from Hearing Instrument Manufacturers, the CE Provider will receive a written warning after the first offense.
 - b. If the CE Provider fails to follow the Ethical Practice Guidelines on Financial Incentives from Hearing Instrument Manufacturers a second time, the CE Provider's privilege to offer Academy CEUs will be suspended for a one year period.
- CE Provider will include all promotions/offers connected with any educational program. The CE Provider understands that any promotions/offers added following the awarding of Academy CEUs, without further approval by the Academy, automatically negate the Academy CEU approval.
- The CE Provider has sufficient financial resources to sustain the development and implementation of its courses for 2012
- CE Provider will make a mid-year and end-of-year payment due to the Academy for the total number of courses submitted to/approved by the Academy for CEUs through the year, regardless if the courses are offered or not.
