Continuing Education
in Audiology

TM

Joint Defense Veterans Audiology Conference is approved by the American Academy of Audiology to offer Academy CEUs for this activity. The program is worth a maximum of 2.35 CEUs. Academy approval of this continuing education activity is based on course content only and does not imply endorsement of course content, specific products, or clinical procedure, or adherence of the event to the Academy's Code of Ethics. Any views that are presented are those of the presenter/CE Provider and not necessarily of the American Academy of Audiology.

Monday - March 4, 2024		
0700-0745	Registration	
0745-0800	Announcements	
0800-0930	Department of Defense (DOD) and Veteran Affairs (VA) Audiology through the Years	
0930-1000	Break / Exhibit Hall Booth CEU	
1000-1130	Audiology Through the Years	
1130-1300	Lunch / Exhibit Hall Booth CEU	
1300-1400	VA Audiology Review of FY23 and Vision for FY24	Evidence-based Auditory Fitness for Duty Profiling: An update
1400-1500	AVAA Business Meeting	MAA Business Meeting
1500-1530	Break / Exhibit Hall Booth CEU	
1530-1600	Annie: Implementation for Amplification, Implantables and Beyond	Mitigating Acute Auditory Injury During Military Weapon Training, A Field Study
1600-1630	VA Health Informatics – A unique career path for Audiologists	Bridging the Gap Between Research and Clinical Practice using Tablet-Based Testing
1630-1730	HCE Information Management Audiology Systems and Devices	
1900-2100	Social Event - Welcome to the Jungle (80's)	

Tuesday - March 5, 2024

0700-0815	Registration & Breakfast with Exhibitors				
0815-0830	Announcements				
0830-0930	Ethics in Audiology				
0930-1000	Break / Exhibit Hall Poster Session & Booth CEU				
1000-1130	Revolutionizing Acoustic Excellence: Exploring RECD and REAR for Enhanced Audio Experiences				
1130-1300	Lunch / Exhibit Hall Poster Session & Booth CEU Telehealth & Cochlear Implant Luncheons				
1300-1400	Random Acts of Kindness - Tiffany J. R. Morgan, Col (ret)				
1400-1430	Wideband Acoustic Immittance	An Interdisciplinary Approach to Persistent Postural Perceptual Dizziness (PPPD) and Functional Gait Disorders (FGD)	A Look Back and Forward at Hearing Aid Connectivity	From Recommended Best Practice to Requirement: Hearing Protector Fit Testing in the US DoD	Dr. Jorgensen Hands-on (40 Max)
1430-1500			Fit it Right, Hear it Right with Check My Fit	Incorporating Hearing Protection Device Fit-Testing into DoD Hearing Conservation Programs	Dr. Jorgensen Hands-on (40 Max)
1500-1530	Break / Exhibit Hall Poster Session & Booth CEU				
1530-1600	50 Shades of mTBI Dizziness –Literature Review of Vestibular Testing in mTBI and Interdisciplinary Case Study (PT and AuD)	Management of Veterans with Severe Hearing Loss	Transition of eFit Digital Ear Scanner to the Fleet	Hearing Protector Fit-Testing Administrator Training - Practicum (Pre-Registration Required)	Student Track -The Case for Animal Audiology in the DoD and Your Practice
1600-1630		2nd Annual Challenging Cochlear Implant Discussion	Acoustic Trauma in the Battlefield – Solutions for Point-of-Injury and Prolonged Casualty Care		
1630-1700			Hearing Protection for Impulse Noise: A Compilation of Impulse Peak Insertion Loss Values for Single and Multiple Configurations of HPD		
1700-1730	Clinical Saccadometry: Establishing Normative Thresholds using a Simplified Videonystagmography Protocol in the Adult Population				
1900 - 2130	Social Event - Concha Bowl 2024				

Wednesday - March 5, 2024					
0700-0745	Registration				
0745-0800	Announcements				
0800-1000	A Transgender Healthcare Primer for Clinical Audiologists				
1000-1030	Break / Exhibit Hall				
1030-1130	Bimodal Hearing and Bilateral Cochlear Implantation: Clinical Essentials for Programming and Data-driven Recommendations				
1130-1230	Lunch / Exhibit Hall				
1230-1300	Brain Imaging of Tinnitus, PTSD and Other Comorbid Conditions	Evidence-Based Cochlear Implant Programming	Hearing Aid Technology within Secured Environments: One Year Later	The ACT Test Unveiled: A Game Changer for Precise Hearing Aid Amplification in Noisy Environments	Student Track - Resume Building and the Interview
1300-1330					
1330-1400		Cochlear-Implant Telehealth in the DoD: Expanding Care Beyond the Hospital	Neural Tracking of Speech & Environmental Sounds with Multi-modal Sensor Integration in HA	Highly Customized Acoustic Stimulation During Sleep for Tinnitus Therapy (Levo System); Assessment of Impact on Patients’ Sleep Quality	Student Track - Building a Successful Specialty Clinic
1400-1430	Audiology Disability Examinations and the Role of the Audiology Officer	Improving Veteran Outcomes in Hearing Health Care Through Same Day Clinics	Transient Management Reduces EEG Responses to Sudden Sounds in Combat Veterans		
1430-1500	Break				
1500-1530	Automated Audiometry: A Tablet Based Solution	The Ingress Protection (IP) Rating Standard: A Misleading Metric for Hearing Aid Reliability?	Verification of Today's Hearing Aids: What Are We Trying to Prove?	Lenire: Bridging Trial Success with Real-World Effectiveness in Tinnitus Treatment	
1530-1600		What Does the Research on Stigma Teach Us About Counseling in Audiology?			
1600-1700	DALC- Through the Years- A Journey with Audiology on the Road to Excellence				
1700-1800	CEU Collection				

Poster Sessions - All Held on Tuesday, March 5, 2024

Presenter(s)	Title
Emily James	Preliminary validation data of the Dizziness Symptom Profile for vestibular disorders in a VA setting
Emily James	Investigating the relationship between improvement in SII with amplification and patient satisfaction
Michelle Hicks	Enhancing Speech Recognition and Reducing Listening Effort for Hearing-Aid Users through On-Demand Processing
Quintin Hecht, Andrea Brzuska & Brianna Biel	Exposure Characterization of Urban Breaching Course
Quintin Hecht, Andrea Brzuska & Brianna Biel	Exposure Characterization of the Multi-purpose Anti-armor Anti-personnel Weapon System (MAAWS)
Sebastien Santurette & Thomas Behrens	Evaluation of multi-modal sensor integration for automatic steering of listening support in hearing aids
Chantal Van Ginkel & Patrick Feeney	Evaluating the Audible Contrast Threshold (ACT™) Test for Improving Hearing Aid Customization in US Veterans
Taylor Paige	Incorporating supplementary tests in a hearing conservation audiometric protocol
Abby Carter	Analysis of 25 vs 50 Word List Word Recognition Scores
Jeremiah Smith & John Foster	Validation of an Early Warning Sign to Predict Future Standard Threshold Shifts
John Foster	Hazard Exposure and Associated Hearing Loss of Air Force Service Members
Bailey Braun & John Foster	Evaluating the Necessity of Follow-Up Test Two in DoD Hearing Conservation Protocol
Ragnar Lindberg	Reliability of the Level Specific CE-Chirp
Sebastien Santurette	Individualized fitting of help-in-noise hearing-aid settings with the Audible Contrast Threshold (ACT)
Meg Schwalm	Determining Recipient Preference Between Traditional Measured vs. Population Mean Programming
Clair Ducatte & Kelly Hanscom	The Clinical Utility of Using a Listening Fatigue Questionnaire in Adults With and Without Hearing Loss: Outcomes Pre- and Post-Amplification
Jatinder Shokar	Dynamic Visual Acuity Findings in Vestibular Migraine Patients
Cammy Bahner	Optimal Test Protocol for the Ocular Counter Roll Test
Shannon Lieblong & Celeste Watson	Presentation on integration of home-based audiology services with Home-Based Primary Care (HBPC) with preliminary measurement of outcomes.
Jacynda Gellhaus & Beatrice Tice	Breaking Barriers: Optimizing Military Audiology Through Telehealth Innovations

Booth Sessions - Held on Monday, March 4, 2024 & Tuesday, March 5, 2024 Held in the Booth/Exhibitor Space of the Presenter	
Booth and Presenter(s)	Title
Interacoustic Ashley Hughes	Get your ACT Together: Introducing a New Test to the Diagnostic Audiological Evaluation
WAHTS Hearing Shoshannah Russell	Introducing Asynchronous Testing and Improved Hearing Protection Fit Testing with WAHTS and Audhere Software!
GN Resound Diana Edwards, Eric Arriaga, & Deb Castor	Have You Heard M&RIE?
Sonova Maggie Boorazanes	Think Better with Lumity
Starkey Andrea Hannan Dawkes	Genesis AI: A Sound Decision on Every Level
Oticon Cassie Fuller & Lisa Huston	Tailoring Help for Veteran-Specific Hearing Problems
CaptionCall by Sorenson Steve DeMari	Introduction to CaptionCall & IPCTS
Cochlear Americas Ginger Grant	The Cochlear Osia System featuring the OSI300 Implant: Not Your Grandfather's Bone Conduction
Signia Lisa A. Perhacs	Signia IX: The Power of Conversation
Natus Medical Jeanette Fitzke	Using Technology for Improved Patient Outcomes & Patient Journey
